SUBJECT: Retirement and Disability System

ACTION REQUIRED - REFERENCES

1. A regulation giving the policies and procedures of the Organization's retirement and disability system, and a related explanatory bulletin, have recently been issued at headquarters. The regulation in great part parallels the wording of the legislation on which it is based, and both documents clearly are identified with the Organization. It is impossible adequately to sanitize the documents without deleting or restating much of their contents. Since such deletion or restatement would greatly limit their informational value to you, we are sending you under separate cover copies of the documents which have been sanitized only to the extent of removing direct reference to the Organization.

2. In view of the above, we request that you safeguard the copies properly and destroy them as soon as they have served their purpose of giving you and your personnel a general awareness of the policies and procedures of the system. All employees who depart hereafter for the field, particularly those to whom the provisions of the regulation are of more immediate concern, will have had an opportunity to become familiar with its provisions and to make any pertinent arrangements before departure. Retention of the copies of the regulation or of the bulletin for the information of such future arrivals is therefore unnecessary.
